The Optimist Club of North Austin is a 501(c)(3) organization that has served the youth of central and north Austin since 1952, with its primary focus on providing sports activities, educational programs and self-esteem and skill enhancement. The programs are for children ages 4 to 18 and their families.

Currently NAO provides services for more than 500 youth in year-round programs. The NAO membership and innumerable volunteers take immense pride in providing Austin's youth with a chance to participate in their

community. NAO's ultimate goal is "the betterment and welfare of today's youth." The organization is all-volunteer, with more than 50,000 volunteer hours every year. Membership is not required to participate in sports programs or to volunteer.

NAO's Mission

North Austin Optimist stands by its commitment to serve the youth of the Greater Austin Area, regardless of race, creed, religion or financial status. We believe that if a child has desires to be a part of our programs, they will be welcomed. They will become part of the fun, participation and character building designed into all youth activities. The ultimate goal is the betterment and welfare of our youth.
